MULTICUAT

DISINFECTANT* DEGREASER

- **Guarantee of cleanliness and hygiene**
- **Suitable for HACCP use**
- **Excellent degreasing power**

Disinfectant* degreaser, for all washable surfaces, based on fifth generation quaternary ammonium salts. For general surfaces, including in the food area and in the medical area. Ideal for the daily removal of greasy dirt and for use on food slicers, tables and surfaces that may come into contact with food. Suitable for HACCP use.

HOW TO USE

- Disinfectant* action: spray the product on the surface, leave it to act for at least 5 minutes for bactericidal activity and at least 15 minutes for yeasticidal activity, then rinse. For virucidal activity (limited virucidal efficacy, including enveloped viruses), apply the product on the previously cleaned surface and leave to act for at least 5 minutes.
- For the disinfection* of hard surfaces in the medical area, previously clean the surface.
- For the daily hygiene: spray the product on the surfaces to clean from a distance of about 20 cm. Leave it to act. Pass over again with a damp cloth until completely evaporated.

DILUTION

Ready to use.
